

SOLVE Parkinson's Conference

Strengthening Outcomes through Learning, Voices, and Engagement

 **Kingswood Lodge**

 **October 20, 2025**

Fredericton, New Brunswick

 **Parkinson
Canada**

 **UNB**
EST. 1785
UNIVERSITY OF NEW BRUNSWICK

This one-day conference will educate attendees on the needs of New Brunswickers living with Parkinson's and opportunities to improve Parkinson's care through education and research. Guests will learn about research into Parkinson's taking place across Canada as we work to identify how the clinical and research strengths of the province can be leveraged to improve care.

The objectives of the conference are ultimately to start to build a robust infrastructure of Parkinson's research, elevate the visibility of Parkinson's in New Brunswick, improve Parkinson's education, and identify clear actions for improving the well-being of those impacted by Parkinson's in the area.

With keynote address by Dr. Lorraine Kalia!

Associate Professor of Neurology at the University of Toronto
and Senior Scientist at the Krembil Research Institute
